

# Satyana Institute's 2020 Highlights and Update

Gender Equity & Reconciliation  
International (GERI)

Dawn of InterSpirituality

*A beautiful intentional community of safety and trust inviting the opportunity to hear from the heart and share from the heart. . . So incredible to do this online, just shows us what is possible when hearts are open.*

**~ GERI Course Participant**

*Thank you so much for the time shared at the Global Interfaith Prayer! I learned about our deep connectedness and human family, and the richness of our diverse religious traditions that propels us everyday for the greater good.*

**~ Leader from Global Interfaith Prayer**

It's been a full and fruitful year for both Gender Equity and Reconciliation International (GERI) and for Dawn of InterSpirituality as we've faced into the challenges of the Covid pandemic - taking our programs online and fostering rich and soulful connections around the world.

Together we are building new bridges

of connection and heartfelt belonging - expanding and strengthening all of our program offerings, and experiencing the joyous and unexpected gifts of our cross-cultural global cohorts and facilitation teams.

We are moving into 2021 with GERI courses and trainings in North America, Latin America, India, Kenya, South Africa, Australia and beyond - as well as continued Dawn of InterSpirituality programs, including a new online conference of Women Spiritual Leaders!

Our global community of courageous pioneers are seeding a profound transformation of gender & interfaith relations - creating a new culture of unprecedented integrity, mutual respect, healing, and inspired collaboration across the divisions in our human family.

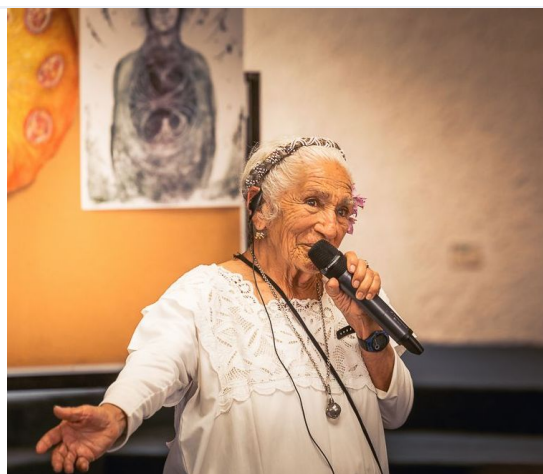

Blessings and grace in the New Year,  
Cynthia, Will, and the Satyana Institute Leaders

**Satyana Institute's** mission is to support individuals, communities, and organizations to combine the inner work of the heart with outer service in the world. We strive to do this by creating safe forums for deep conversations and healing through our primary program areas: Gender Equity and Reconciliation International (GERI) and Dawn of InterSpirituality.
