*Healing and transformation for women and men*

## Science and Nonduality Conference (SAND)

Panel with Will Keepin, Charles Eisenstein,

Jeannie Zandi, and Kent Welsh

### *Opening the Masculine Heart*

*"These shackles made of clay and paper start to crumble -  
and we see one another soul to soul, heart to heart,  
as the shining essence of who we are . . .*

*And we reclaim that sacred intimacy that is our birthright as  
human beings, and also reclaim our sacred communion  
with other beings and the Earth."*
